S513GLO-T – Regulatory Compliance Certification

Jeremy,

We provide the following compliance information regarding the Consumer Product Safety Improvement Act (CPSIA) which is directly applicable to the above mentioned product.

Lead

We certify to the best of our knowledge that the above mentioned product complies with the requirements of the CONEG toxics in packaging law(s). Specifically:

- 1) We certify that the regulated metals – lead, mercury, cadmium and hexavalent chromium – were not intentionally added during the manufacturing process or known to be present in the components of the product.
- 2) We further certify that the incidental concentration levels of lead, mercury, cadmium and hexavalent chromium do not exceed 100 parts per million by weight.
- 3) We will maintain supporting documentation of this certification for inspection upon request.

Phthalates

We do not use or intentionally add phthalates to this product. We verify this with our raw material screening & supplier review programs.

Terry C. Schultz
Quality Manager/Chemist
